Standard sites: All state park campgrounds have standard sites for single family camping. Each campsite has a parking area for one vehicle, a picnic table and fire ring. Standard sites have amenities including: connection to water, electric and sewer; water only or water and electric sites. Some sites are limited to tents only to enhance the camping experience for the more rustic camper.

Walk-In Tent Sites: Campsites requiring the camper to park their vehicle in a location separate from the campsite are tent only sites.

Camping Cabins: Camping cabins have sleeping accommodations for 4 or 6 people and include: a screened porch or deck, outside living area with a picnic table, and fire ring.

Cabins: Cabins have sleeping accommodations for 4-6 people and include: a kitchenette, bathroom, one bedroom, screened porch, fire ring, and picnic table.

Waterfront Cottages: Waterfront cottages have three bedrooms, bath, kitchen, living area, and screen porch. These exclusive units are located at Delaware Seashore State Park along the Indian River Inlet.
