## **White Clay Creek Hunting Opportunities for Permanently Disabled Hunters**

Permanently Disabled Hunters are a small but important segment of our hunting population that is likely to grow larger in coming years. As we have increased hunting opportunities for all hunters, we have been increasing opportunities for Permanently Disabled Hunters. The rules that follow below are meant to accomplish these goals.

Before you consider registration as a Permanently Disabled Hunter, understand that this **will limit your hunting opportunities within the park to just a few stands or pins**, and you will still have to participate in the daily lottery for these limited opportunities with other Permanently Disabled Hunters. This is strictly intended for those hunters that are physically unable to access the majority of the stands in the park because of difficult terrain and long walking distances. Read the instructions below. **All of the White Clay Creek Hunting Rules in the park will also apply to the Permanently Disabled Hunter as well.**

- 1) **A hunter wishing to participate** must obtain a disabled hunter certification card to use all facilities and opportunities made available to disabled hunters on State Wildlife Areas and State Parks. For more information on obtaining this card, call the Division of Fish and Wildlife at (302) 739-9912
  
- 2) **Once registered, Permanently Disabled Hunters will be limited to the following stand/pin locations: Archery Stand J-PD, Archery Stand M-PD, as well as stands PD1, PD10, PD19, PD26 and PD50. By registering as a Permanently Disabled Hunter you are limiting your hunting to these locations.** These seven sites are for Permanently Disabled Hunters not confined to a wheelchair (Category 2). They will be equipped with stairs instead of ladders to facilitate access to the stands.
  - 3) During the morning shotgun lottery, if Stands M-PD, PD1, PD10, PD19, PD26 and PD50 are not assigned to Permanently Disabled Hunters, these six stands become available to non-Permanently Disabled Hunters. If a PD stand is issued to a non-PD hunter in the morning lottery, the permit for the PD stand must be turned in prior to the noon drawing so that the stand once again becomes available to an afternoon lottery PD hunter.
  
- 4) During the archery season, stands M-PD, PD1, PD10, PD19, PD26 and PD50 are only available to permanently disabled hunters. PD archery hunters may hunt from the ground within the painted radius of any pin.
  
- 5) Stand J-PD is for Permanently Disabled hunters only. J-PD is not available at any time to hunters who are not permanently disabled.
  
- 6) Park staff will not be available to help the Permanently Disabled Hunter retrieve game or otherwise provide assistance except in the case of an emergency. **Permanently Disabled Hunters must make arrangements with a friend or family member to help them.**
  
- 7) Two Wheelchair Accessible locations (NAWA) for the 2017-18 season are located at Lums Pond State Park. For more information please contact Delaware State Parks Operations at (302)739-9220 or Lums Pond State Park at (302) 368-6989.
