CORPORATE PASS & GROUP PROGRAM

The new Delaware State Parks Corporate and Group Pass gives employers and group leaders a way to promote health and wellness, while providing employees and members with a benefit they can feel good about! Nearly two-thirds of all companies report one or more forms of health and wellness promotion as a common work-site experience. Work-site health is a valuable morale booster. Studies have shown that employees' organizational commitment and attitude toward working conditions, pay, fringe benefits and job security significantly improve when they work for companies offering health and wellness programs.

A state park pass gives your employees and members a way to spend time with their families, enjoy outdoor activities and programs, and support the Delaware State Parks mission of environmental preservation in Delaware. Every time your employees and members use this pass, they will appreciate your company's and group's commitment to their wellbeing!
